

THE PROOF IS IN THE RESULTS

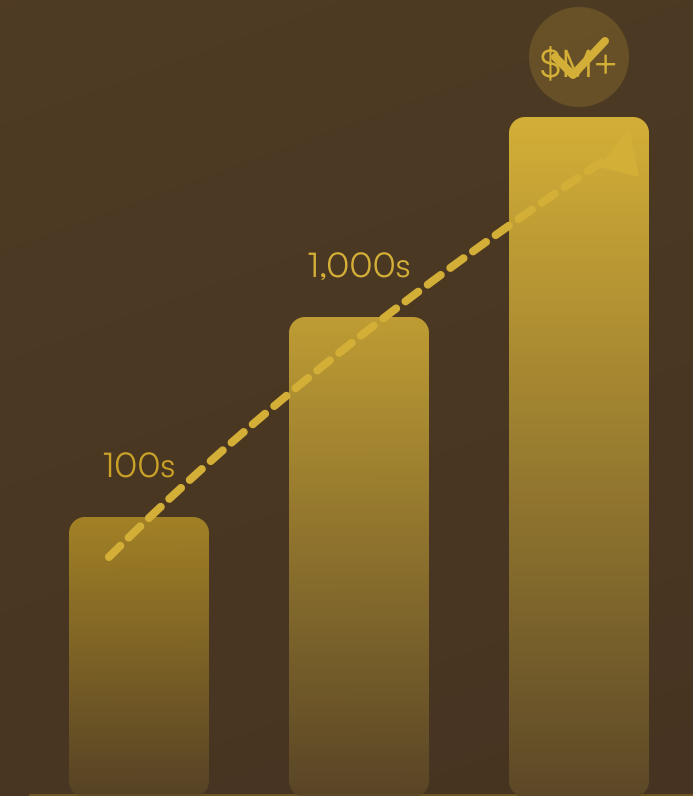

# THESE RESULTS ARE REAL.

-  **Hundreds** of students.
-  **Thousands** of products created.
-  **Millions** in collective sales.

**The system works.**

The only variable is **YOU**.

Will you do the work?

# OKAY - BACK TO EVERYONE...

The question is the same:

*Are you ready to stop  
going it alone?*

# IF YOU DO NOTHING...

Where will you be in 90 days?

Probably... exactly where you are now.

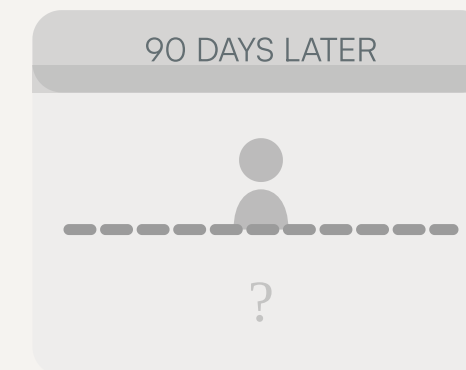

Same confusion.

Same inconsistency.

Same frustration.

**Nothing changes if nothing changes.**

# YOU HAVE THREE OPTIONS FROM HERE.

## OPTION 1

Keep doing what you're doing.

DIY it. Hope 2026 somehow feels different than 2025. Keep watching videos and taking notes you never use.

## OPTION 2

Try another cheap course.

Maybe the next \$47 course will finally be "the one." But if you're honest, you've already tried that path.

## OPTION 3

RECOMMENDED

Commit 90 days to a system

that's already working for people just like you, with someone actually checking your work and refusing to let you quit.

I built the Accelerator for the people  
who are done gambling with their time.

**Which option makes sense for where you want to be  
in March 2026?**

## THREE OPTIONS:

1

Keep doing what you're doing. DIY it.

2

Try another cheap course.

3

Commit 90 days to a proven system with real support.

LET ME PUT THIS IN PERSPECTIVE

**Just 90 days from now is  
MARCH 2026.**

OPTION A/B

Still be "thinking about" Etsy. Still researching. Still planning. Still "getting ready."

OPTION C

Be 90 days INTO a system. Dozens of products live. Real data coming in.

Same 90 days. Same calendar.

**The only difference is what you decide TODAY.**

## LET'S DO THE MATH ON WAITING.

If you wait 90 days to start...

90 days × \$50/day potential =

**\$4,500 LOST**

VS

INVESTMENT

**\$2,497**

COST OF WAITING

**\$4,500+**

PLUS:

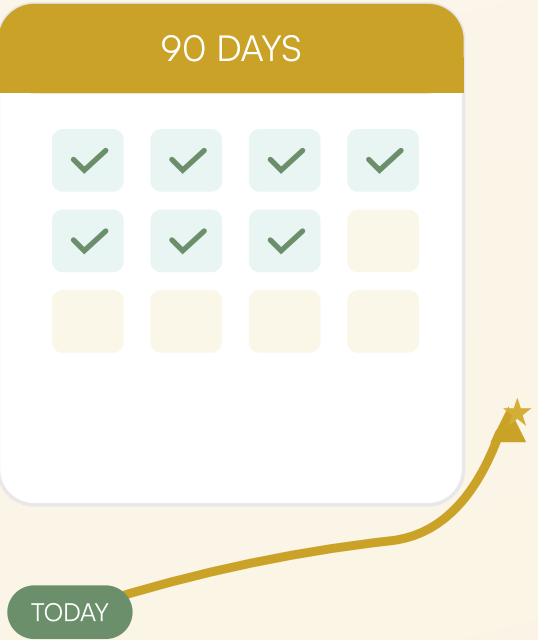

- Momentum you didn't build
- Confidence you didn't gain
- 90 more days of frustration
- Q1 2026 gone without progress

Which is the **REAL** risk?

# IF YOU TAKE ACTION...

Where could you be in 90 days?

-  → 60+ new products in your shop
-  → A system that runs like clockwork
-  → Income that actually grows month over month
-  → Confidence that you know what you're doing
-  → A community that has your back

That's **90 days away.**

It starts with one decision today.

# THIS IS A DECISION POINT.

Not a "maybe later" moment.

Not a "I'll think about it" situation.

A decision point.

Yes

or no.

In

or out.

Action

or inaction.

## Which one?
